INTERNATIONAL CONFERENCE ON ADVANCED MATERIALS FOR HEALTHIER PLANET

(ICAMHP-2026)

22nd to 24th January 2026

Organized by
Department of Chemistry
The Gandhigram Rural Institute
(Deemed to be University)
Ministry of Education
(Accredited by NAAC with "A++" Grade)
Gandhigram, Dindigul District
Tamil Nadu – 624 302
India

About the Institute

The Gandhigram was started by the freedom fighters and dedicated disciples of Gandhiji, Dr. G. Ramachandran and Dr. T. S. Soundram in the year 1947. The Gandhigram Rural Institute is the only one which survives among eleven Rural Institute started under Ministry of Education, Government of India.

The Gandhigram Rural Institute has created a niche in the educational map of India. Conducive atmosphere prevails for teaching and learning to teachers and students from both far and near. The three dimensional approach of teaching, research and extension has won national recognition and the status of Deemed to be University in 1976 and is being fully funded by Ministry of Education. GRI was accredited with 'A++' Grade by NAAC in the year 2024.

About the Department

The Department of Chemistry was established in the year 1965. The Department offers M.Sc. and B.Sc. (Hon's) Programmes under NEP 2020 besides Ph.D Programme. The thrust areas of research are Synthetic Organic Chemistry, Electrochemistry, Nano-materials, Electro and Optical Sensors, Environmental Chemistry, Charge Transfer Complexes, Coordination Chemistry, Energy Materials, Supramolecular Chemistry and Polymer chemistry. The Department is additionally funded by DST under FIST and UGC under SAP. The Department has also undertaken many research projects funded by DST-SERB, CSIR, UGC, DBT, BRNS and DRDO. The faculty members of this Department have published over 950 Research papers in both International and National journals with the h-index of 90. Over 175 scholars have been awarded doctoral degrees from this department, and thirty five research scholars are working for their Ph.D degrees presently.

About ICAMHP-2026

This conference is aiming to enhance scientific cooperation, broaden the exposure of our student community to contemporary research, and for better connect of the faculty and students with eminent practicing chemists.

- The conference includes plenary and invited lectures by the eminent scientists working in various areas of chemical sciences
- Oral and poster presentations of selected abstracts
- The abstracts of selected papers will be published in conference proceedings, with ISBN/ISSN.

Call for Abstracts

Abstract of Original and unpublished research work on the following themes and the related areas are invited from the faculty members / scientists / research scholars and students. The abstracts will be selected for presentation in ICAMHP-2026 after due review.

Themes

- Materials Chemistry • Supramolecular Chemistry
- Green Chemistry • Photo and Electro Chemistry
- Energy Materials • Synthetic Organic Chemistry
- Polymer Chemistry • Catalysis
- Nanocomposites
- Electrochemical / Optical Sensors
- Environmental Remediation
