Hello,

My name is Michelle Young, and I wanted to share an exciting scholarship program recently launched by my company, [Toptal](#).

We started this program to award five scholarships during 2018-19 that will empower aspiring female leaders. The scholarship program is open to anyone with a passion for changing the future, and we welcome applicants from all majors and academic standings.

Each scholarship winner will receive a stipend as well as a year of mentorship and guidance from an expert in their field of interest.

Here are the scholarship [guidelines](#).

For your convenience, I've also included a brief description of the scholarship program below:

#### **Toptal Scholarships for Women**

[Toptal](#) will award five scholarships to aspiring female leaders in five global regions: Africa, the Americas, Asia, Europe, and Oceania. Each winner will receive (US)\$10,000 and a year of weekly one-on-one mentoring by a Toptal expert.

For more information and to apply, go to: <https://www.toptal.com/scholarships-for-women>

Application deadlines depend on which region the applicant lives in. Application timelines are available on the [scholarship website](#).

Would you be interested in helping share this information to your students who may be interested by posting on your external scholarship page on your site?

I look forward to hearing from you!

Kind Regards,

Michelle
