9th Eurasian Conference on Educational Innovation 2026 (ECEI 2026) will be held in Da Nang City, Vietnam on 30 January - 2 February, 2026. It will provide a communication platform for researchers in the topics of educational innovations and Emerging Technologies. We welcome professors, researchers, academicians, engineers, innovators, and practitioners from around the world to participate in ECEI 2026. The aims of this conference are to enable interdisciplinary collaboration between educators and experts from other areas in the academic and industrial fields as well as international networking. During the conference, there will be substantial time for presentation of ideas and discussions. Attendees will find various activities useful in bringing together a diverse group of teachers, educators, engineers and technologists from across disciplines for the generation of new ideas, collaboration potential and business opportunities.

All accepted full paper will be sent to Engineering Proceedings (Journal Article, ISSN: 2673-4591; indexed by Scopus, Q3) for reviewed and published. To maintain a high quality of conference proceedings, the English of full papers should be good enough. We will request authors to send the full papers for English editing if the papers do not pass the review process by the Program Committees.

Excellent papers selected from ECEI 2026 will be recommended to be published on suitable 15 different SSCI, SCI, ESCI, EI and Scopus journals after an additional review process and need extra publication charge:

1. [Applied System Innovation](#) (25% off on Article Processing Charge)(ESCI and EI Compendex; JCR, Q1, IF: 3.8; Scopus; ISSN: 2571-5577)
